As you recall, hairy girls are bold and are up for **group sex**, **dyking out**, you name it! They wear their sexual pride on their bush! Here's proof positive. In case you haven't heard of **Party Hardcore**, it's an amazing site based on orgy parties that they throw in Prague. They invite regular girls next door to come in and get drunk and attend a show with male strippers. They also hire in the mix, unbeknown to the rest of the girls, real pro porno chicks. As the night progresses, and the booze is consumed, the porno girls start sucking the male strippers cocks and start fucking them. Pretty soon, the real, 100% amateur chicks start getting into it too! Real girls next door start sucking stranger's dicks and swallowing cum right in front of a hundred people. But check this out! The girls who really get into it are the ones with the hairy bush - and that's also one way to tell that they're the real amateurs, not the porno chicks with the waxed pussy. This is so naughty and sofa king hot!

One of my fav pussy shots is when there's pubic hair sticking out from the panties, as I've written about before. But what's even more [daring](#) and bold and sexy and beautiful is when a chick with an unshaved hairy bush goes so bold as to wear a thong, knowing quite well that her pubes are going to be sticking out! While so many girls have clean shaved pubic areas nowadays, the hair sticking out from a skimpy little thong is enough to drive a man wild. Why? Simple...

It's just...

Naked Girls on Webcam Now:

I've said it before that hairy chicks are adventurous. They're going against the mainstream of a shaved cunt by letting it all hang out and be bold with their pubic hair. You know what that means: it means they're sexually open and adventurous and willing to go for all kinds of sexy fun, including anal of course! Case in point: Annabelle Lee from [Abby Winters](#) will not only let you do anal from the looks of her anal shoot (hahaha I almost wrote anal chute), but also is bold and uninhibited enough to enjoy anal pleasure when she's masturbating by herself, working not just her pussy but also the butt plug.

[Vintage Hairy Lesbians](#)

Some chicks do actually like anal, some even more so than others!

Pretty soon, this girl needs something in her ass and that's where the red butt plug comes in as she rubs herself to a powerful orgasm. Sofa king awesome!

Check out these hairy, natural hippie girls sunbathing. Innocent and happy to be naked outdoors. Right? Wrong. The blonde hippie on the right gets down and dirty in some amateur truth or dare sex games where she's dared to suck cock and eat pussy, which she does with gusto! While still looking cute and

innocent, though. Guess whose pussy she gets dared to lick? This **other hairy hippy chick I love!**

Her girlfriend in this set sports a pretty tremendous bush as well!

This amateur couple is funny. It's obvious that the guy wants his girlfriend to do a pussy shave. How, she asks? Bald. Looks like in order to convince her he has a nicely trimmed cock and balls. But she refuses and keeps her big natural bush, which is great of course because it just makes her more sexy and horny, as you can tell from the preview vid where she's playing with her hairy puss while sucking his cock! What's better than kitchen sex? Sex in the kitchen with a naughty unshaved teen with delicious curves who also loves getting some cum on her face. I love her slight belly fat, hairy bush and of course her appreciation of facials! After receiving a load of cum when the guy jerks off all over face and nose, she proceeds to lick it and rub it in all over cute face. Horny teen indeed! Which again proves to show that hairy pussy girls are horny and happy!

This amateur hairy couple who look like a couple of hippies or maybe hipsters love to have outdoor sex. In fact, they kind of remind me of the hairy dreadlocked chicks and hipster guys who play Truth or Dare, dyke out and give blowjobs, who I posted about before. Much like the other hipsters, these two don't care about being seen giving head and fucking in the great outdoors. Just another great hairy exhibitionist couple from Sell Your Sex Tape, the only real amateur homemade sex tape site that is the real deal!

I love all kinds of girls, Ebony, African, White, Asian, whatever... but I'm not that familiar with big black bush in person, which is why seeing this hot chick from Explicite was such a turn on. Most of the black bush I'm familiar with is the variant on Bushmill's whiskey called the very funny name, Black Bush. This bush is no laughing matter though. I love how black chicks' pubic hair grows wild like on this girl's pussy! Delicious!

Josie is stunning. Natural woman, natural bush, courtesy of ATK Hairy. And I absolutely love how her pussy hairy sticks out of those sheer or see-through panties she's wearing. I mean isn't that what those panties are for? To show the bush? In my book, yes!

Of course those panties don't stay on very long.

And when you break out the blue dildo, a horny, hairy heaven awaits!

She's also fond of wearing skimpy thong underwear and bikini swimsuits that obviously can't conceal her bush and she does it proudly for all to see the pussy hair sticking out! So hot!

Where's the bush? That's the first thing that comes to mind when I see a girl stripping and undoing her jeans and there's no pubic hair. Not so with Amy |

from Abby Winters. When this delightful girl next door drops her drawers outside, we see bush, and I mean BUSH!

How's that for bush?

Yes!!! Only at [Abby Winters](#).

Amy J's masturbation session outdoors is just one of the delights in this week's [Abby Winters updates](#)! There's also the return of Jilly, hot stuff from Indiana, oh too many things to even list, just watch the preview and drool, then sign up for hairy pussy heaven.

Man, this chick Ola gave me a woody, thanks to [ATK](#). Here's a brief porno

analysis. First of all, I love love love the hair on the inner thigh that comes out just below the pussy and down the thighs. But what I find even more erotic in conjunction with that is when hairy girls wear skimpy undies and know that their bush which they're proud of is sticking right out from out of those little panties! Yummy!

But check this out, this girl also has a pierced clit and you don't usually associated body piercing with pussy hair, you think of those totally shaved girls, right? That's why this was such a stellar surprise!

Pure, natural and tasty! I vote for bush! Wish I could dive right in there!

This girl, Lucie, courtesy of [ATK Hairy](#) is stunning and the best part about her is that not only is she drop-dead gorgeous, but she also has an awesome giant unshaved pussy. Check it out.... What could she be hiding there with her legs crossed, hmm?

Ta-daaa! A giant lickable unshaved bush and hairy armpits too! Yum! Just what a real woman should look like. Don't you love this surprise, be it in porn or real life? It's like opening up a present when the panties come off!

Want to see [more of Lucie](#), including her [licking another hairy girl's pussy](#) and working her with a double dildo?

I recognized this horny hippie with the dreads, underarm hair and full bush right away. Man, this chick is totally naked and I would love to suck her tits, bite her ass and lick her furry pussy. She also appears in one of my all time favorite sites, [DareRing](#) where she gets down and dirty with a group of guys and girls, licks pussy, sucks cock and [gets some hot cum in her mouth!](#)

What's that in her hand? Oh a dildo of course. This girl loves sex and I love her!
Want to [see her use it?](#)

Now, there's another girl named Sally on [ATK](#), also with dreads who I will post about another time. And here's our gal orgy-ing out with more uninhibited hairy guys and girls at a real amateur truth or dare party turned [group sex fiesta](#)!

One of my favorite [Abby Winters](#) hairy girls is Liandra. Of course I love them all but I have a special spot for this furry Australian with the hairy underarms, hairy ass crack and super bush! This chicks loves to masturbate and this is from a hot set featuring that bright blue dildo you can spot in the corner of the frame.

Did I not say super bush? You should see the video where she talks about her masturbation techniques. You should also see her telling the story about how she picked up another girl at a strip club, who took her home and shaved her... Then made Liandra hot and sweaty!

Liandra has also done several awesome lesbian shoots, among them with Anneke, Ava, Matilda, Katya and a sizzling threeway with Katya Y. and Matilda. I'll be sure and post those sometime in the future for those of you who aren't convinced that this is the greatest [amateur porn site](#) ever made!
